2028 for approval***

ACS Transport

**Work Programme
2022/2023**

ACS WORK PROGRAMME 2022/2023 FLOWCHART

Transport

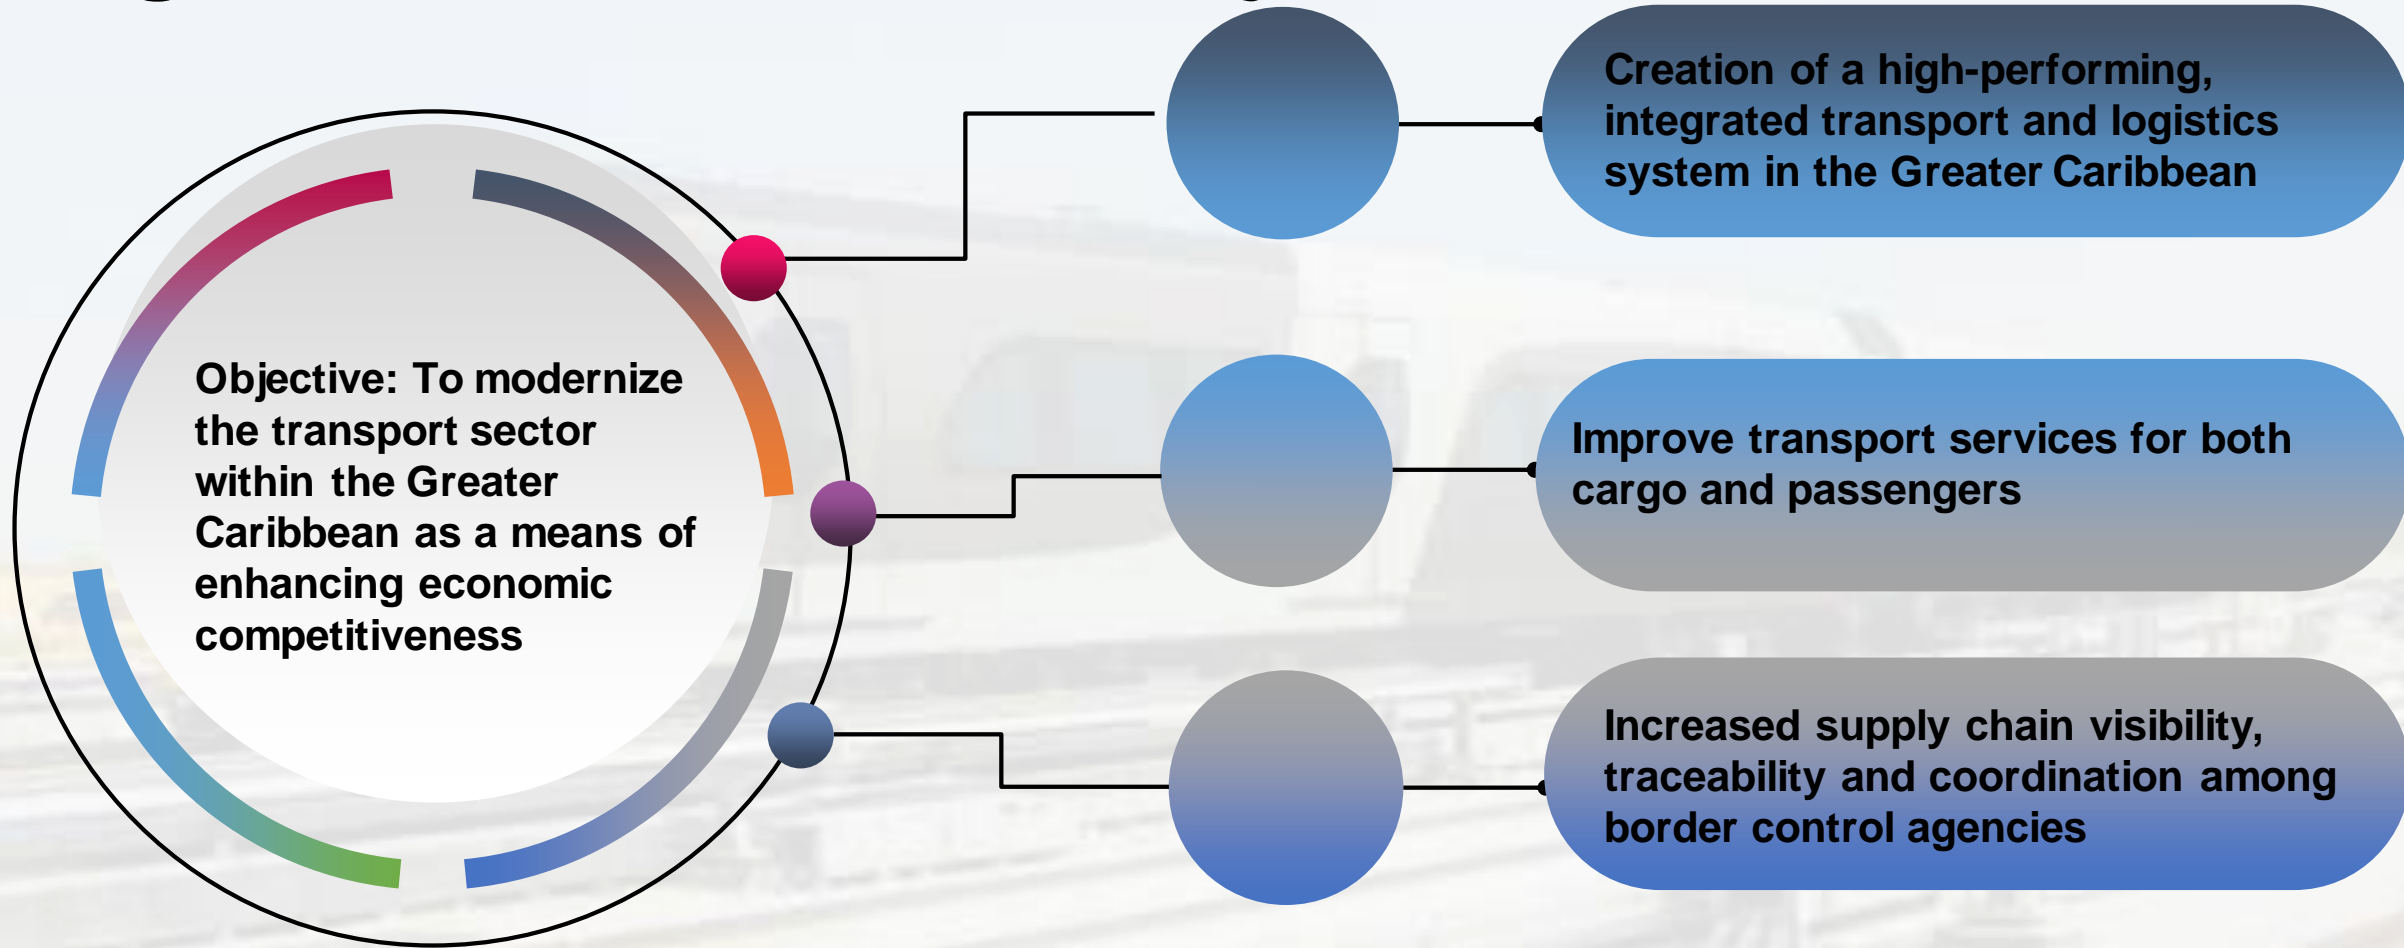

- Regional Maritime Transport and Logistics Strategy
- Ferry Network
- ACS Connectivity Conference

Cross-Cutting

- Digital Transformation Project

ACS Work Priorities 2022/2023

Digital Transformation Project

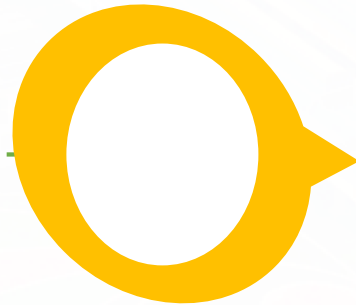

ACS Work Priorities 2022/2023

Digital Transformation Project Outputs

Diagnostic Assessment of Digital Transformation in ACS member countries Outputs:

- Assessment of status of digital transformation in transport
- Key recommendations and roadmap for a regional digital transformation process

Digital Skills Development and Capacity Building

- Development of Train-the-Trainer curriculum
- Execution of one technology boot camp biennially
- Support for national transport-related ICT capacity building programmes

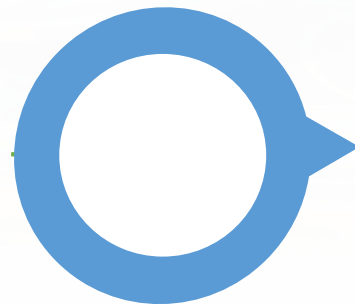

Project Management & Execution

- Six (6) bi-annual monitoring and evaluation reports
- Final project implementation report

Regional Transport Connectivity Facilitation Outputs:

- Recommendations for an integrated, efficient logistics and transport ecosystem
- Mechanism for regional interconnectivity between national single windows

ACS Work Priorities 2022/2023

Public Private Partnership (PPP) Model Identified

**Maritime Transport
and Logistics
Strategy**

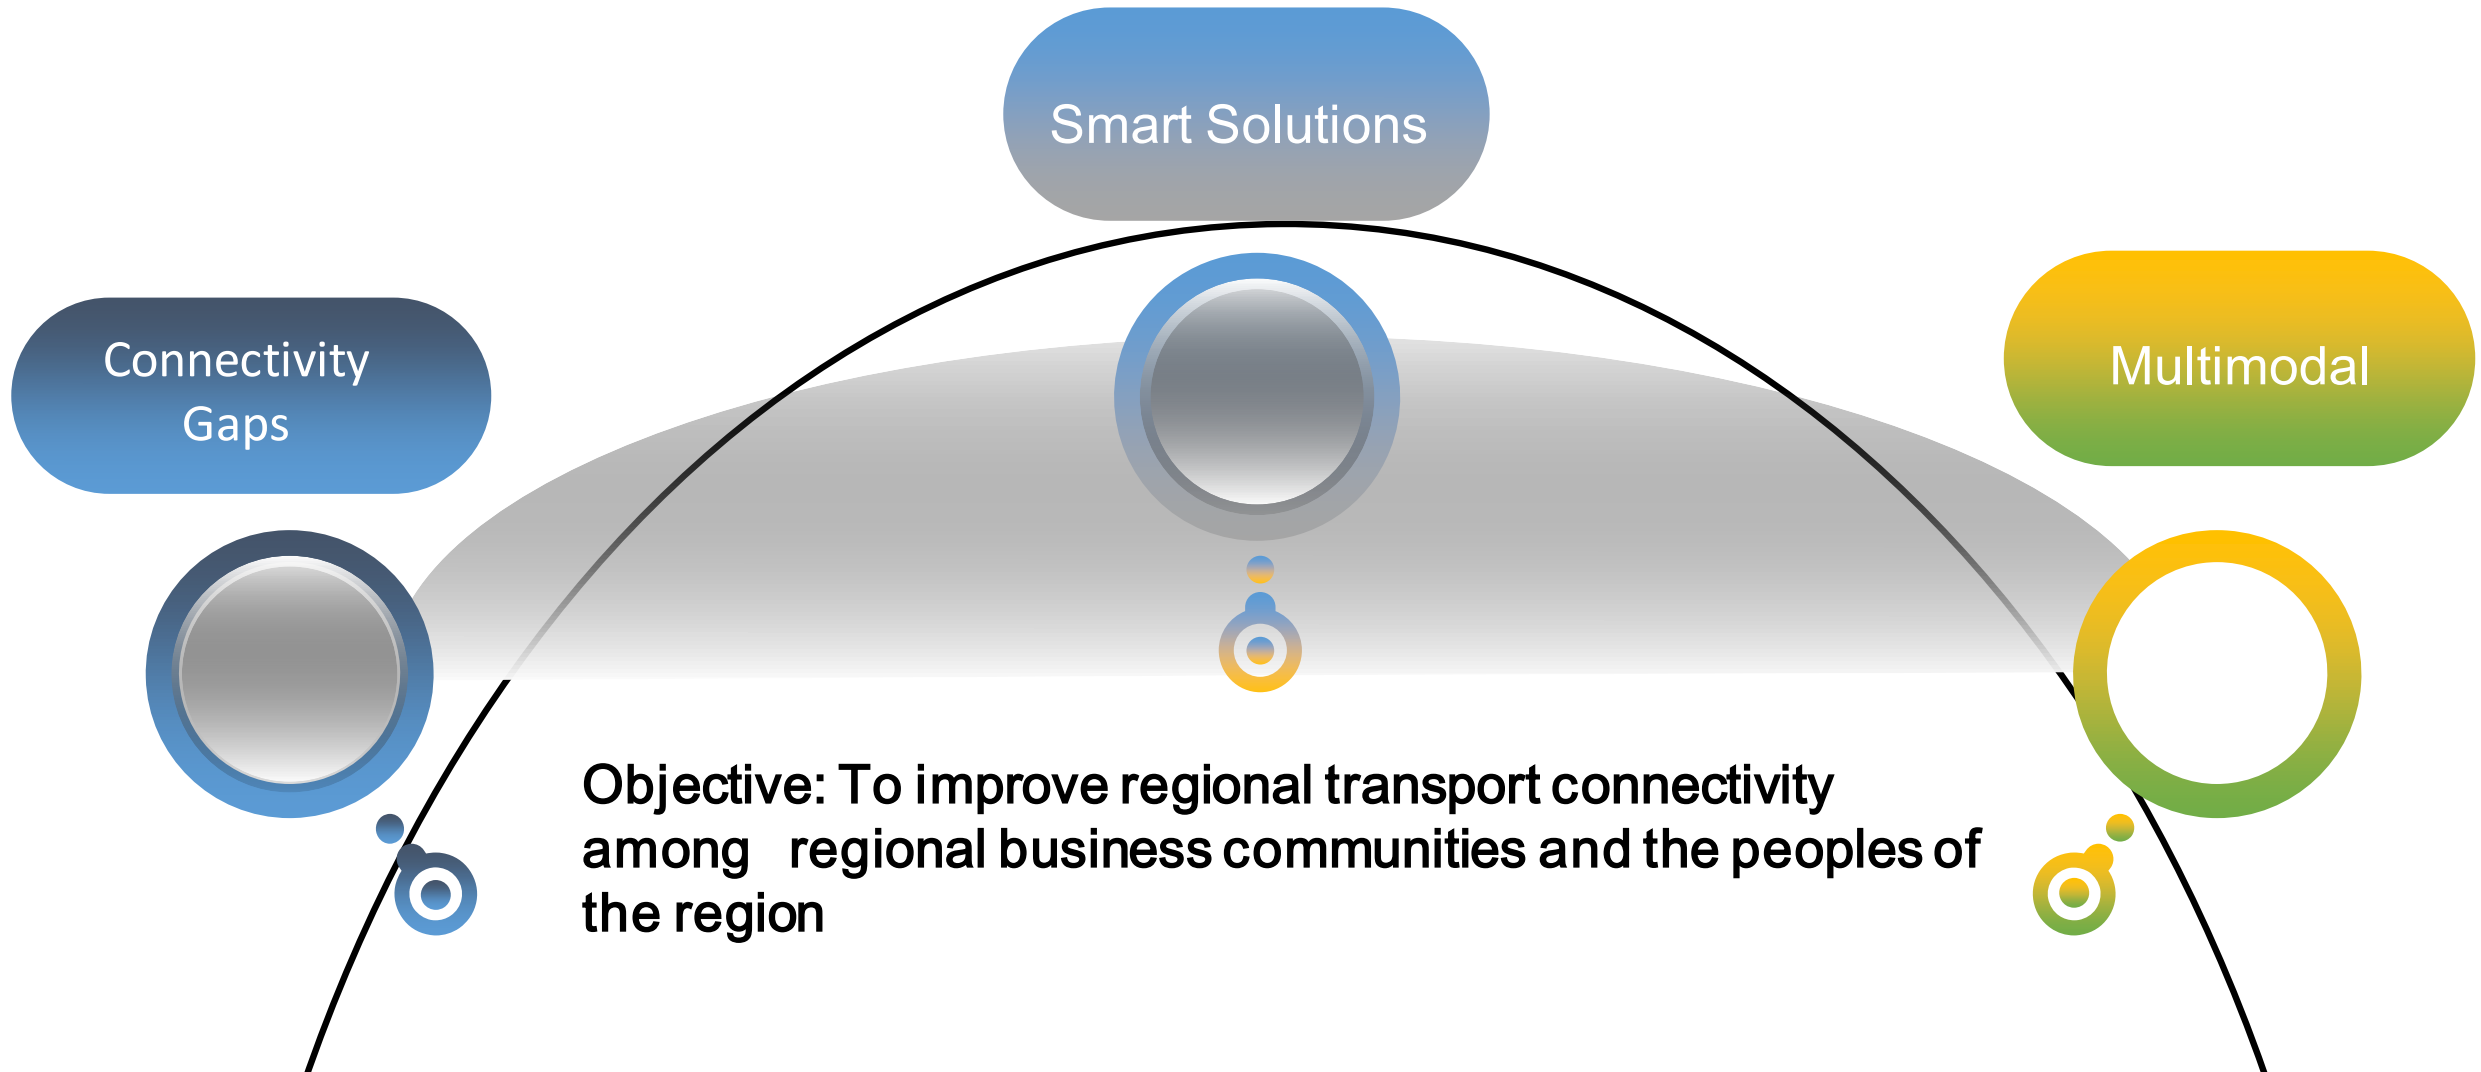

**Regional Ferry
Network**

- Comprehensive assessment of regional maritime transport sector and logistics ecosystem conducted

ACS Connectivity Conference

Rising above Vulnerabilities and Challenges: Rethinking Transport Connectivity in the Greater Caribbean

Smart Solutions

Connectivity
Gaps

Multimodal

Objective: To improve regional transport connectivity among regional business communities and the peoples of the region

ACS Connectivity Conference

Creating a Connected Regional Transport System

- ❑ Meaningful collaborations
- ❑ Regional platform for improving cooperation for transport

Smart Solutions for Regional Connectivity

- ❑ Articulated strategies for building resilience and sustainability in Greater Caribbean connectivity

Innovative Regional Transport Thought-Leaders

- ❑ Regional business leaders & transport experts
- ❑ Transport service providers
- ❑ Logistics Experts
